Amenities

- 41 bed inpatient physical and medical rehabilitation.
- Private resort style rooms with attached bathrooms
- In-room accommodations for overnight visitors.
- Restaurant style in-room and cafeteria dining.
- State-of-the-art gym with an outdoor therapy garden.
- **Bioness Vector** system is one of three in Texas. Specialized ceiling mounted robotic trolley with harness that assists patients with limited mobility and stability without risks of fall or injury.
- **TRAN-SIT Car Simulator** helps patients train to transfer in and out of cars and test reaction times.
- **MOVEO XP** is an innovative exercise platform that combines the benefits of traditional tilt table standing with active exercise. This combination allows patients who are incapable of supporting full body weight to participate in graded weightbearing activity at an earlier stage in the rehabilitation process
- **BITS (Bioness Integrated Therapy System)** - a therapy tool that can be used to enhance visual pursuits, fixation stability, eye-hand coordination, visual reaction time, automaticity, contrast sensitivity, and much more.
